

## **SDG 1 No Poverty: Strategies by the AASTMT**

### **Matrix: 1.3 University Anti-poverty programmes**

#### **Student Support - Deanery of Student Affairs**

Within the framework of social responsibility, the AASTMT plays a supportive role for the parents who are struggling financially and are unable to fulfill the academic merits. This type of support encourages many Egyptian families to enroll their sons in the Academy so that they are offered financial aid. Non-Egyptian students are provided with services related to obtaining legal residency in the country.

The Student Support department works on solving students' and parents' financial problems and submitting them to the AASTMT President with some recommendation in addition to forming grants and discounts committees before each semester.
