2. Community Service and Continuing Education Programmes

The Centre for Adult and Continuing Education is directed to aid companies and business organizations in Egypt and the Arab World. Training is given to prepare trainees in various work fields and different managerial levels to enable them to develop adequate managerial and technical policies so that their organizations can become more competitive and adaptable to market changes. Both general education and career-oriented courses are provided to the public as well as to public and private organizations, companies and entities seeking human resource enrichment for their employees. The programmes aim to contribute to the education and well-being of learners in Egypt and the Middle East. Opportunities are offered for people of all ages to join non-credit, non-degree professional training programmes and a variety of professional development courses that aim to fulfill the needs of both local and expatriate learners.

Mission: we are committed to provide latest technologies and strategies to provide our students and our clients with the required services and to help them to have the proper skills to compete in such active and fast-moving environment.

Vision: Leadership through providing ongoing quality education and training for business professionals and individuals searching quality

3. Corporate Social Responsibility Activities

AASTMT has been keen on playing a vital role in the area of Social Responsibility through a variety of academic and non-academic activities with the aim of affecting positive development in the social, economic and environmental areas not only in the region and the Arab World but that also bears fruit on the whole world.

AASTMT has launched numerous campaigns that aim at counteracting different negative social phenomena, like addiction, smoking, etc... or promoting and encouraging positive responsible behavior, like going green, charity, cleanliness, healthy eating, etc...
